Legal English Practice: Enhancing Legal Language Proficiency is an exercise book designed for Italian Law students who wish to improve their proficiency in Legal English. This student book offers exercises on the most common topics found in recent Legal English texts and covers various areas of law. The exercises follow formats similar to those used in Cambridge exam quizzes (FCE, CAE, CPE). Through reading, comprehension, and writing activities, students refine their linguistic and argumentative skills while becoming familiar with legal terminology and concepts. The book serves as a practical tool for active practice, promoting flexible and customizable learning based on the student's needs.
